Expressway Crash Kills 2 Teenagers: Injures 4

Funerals for two area teenagers, victims of an expressway crash, were held this week.

Four of their companions were hospitalized.

Driver of the other car, who is said to have caused the crash by entering the expressway on an exit ramp, is listed in critical condition.

Killed were Sandra Homerding, 16, of 10825 Carpenter St., Mokena, and Donald D. Paulsen, 16, of 201 E. Maple St., New Lenox, both juniors at Lincoln-Way High School.

Held in LaGrange Memorial Hospital are, Faye Dunn, 17, of 263 Francis Rd.; Linda Tatro, 17, of 150 Maple Lane; Robert Paulsen, 17, a brother of Donald, and Barry Pfeifer, 17, of 152 Oakview St., all in New Lenox.

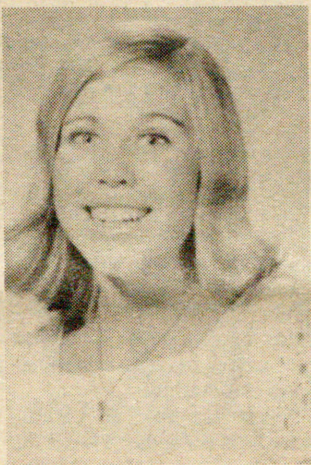

The driver of the other car, Franklin W. Bevins, 32, of 1141 Hannah, Forest Park, Ill., is also in the same hospital. According to the report of state police at Blue Island, they have been unable to question him because of his condition but their report states that he is a parolee and that he had an open bottle of whiskey and a loaded pistol in his car.

The crash occurred on I-55 in Lyons Township near Wolf Rd., the report states. Bevins is alleged to have entered the expressway by means of an exit ramp. Lt. William E. Richey, of the Lisle Fire Protection Dist., who saw the crash, was quoted in the police report as saying that Bevins was going east in the westbound road and crashed head-on into the westbound car, driven by Donald Paulsen. The teenagers had been attending an automobile show at Chicago and were enroute home a little after 9 p.m. when the crash occurred.

The condition of the Pfeifer boy was reported as good. He was released from the hospital Tuesday.

Condition of the other three was reported as serious. They are in the intensive care section.

South Suburbs May Get Senior College

It appears that the south suburbs have a chance at getting a college planned for the Chicago area to supplement the junior college program.

A committee of the state board of higher education recommended this week that a college to take care of juniors, seniors and one year of graduate work, be located in the area bounded by 135th St., the Calumet expressway, U.S. 30 and Illinois 43.

The committee's recommendation will go before the full board Dec. 5. It has been charged with recommending the location, function and governance of two colleges one at Springfield, one at Chicago.

It is expected that more than one college will be built in the Chicago area in the foreseeable future. If only one, however, then it was reported that it would be located in the near west suburbs.

Purchase Village Stickers Dec. 1

Telephone: 479-9321

Mokena residents who own automobiles and trucks can get their 1968 village stickers beginning Dec. 1, from Village Clerk Alvin Sorensen, 19333 Wolf Rd.

If one buys a sticker between Dec 1 and Dec. 31, the price is lower. A sticker for a passenger car, for instance, is \$3 if purchased during December. Beginning Jan. 1 the price will be \$5. After that date non-purchasers risk getting a ticket, and what with court costs and all, the price of a sticker could be substantially more than \$5.

Village Engineer George Barber is to report to the village board at a later meeting, on the cost of repairing a sidewalk in front of the Methodist Church on Second St. and installing a walk on Union St. The Rev. Neil Jensen and Robert Schutte, representing the church, asked the village board take care of this situation. It has been pointed out that title to the property which the sidewalk would border is vested in the village.

Trustee George Bills reports that fresh seals will be placed on all water meters in the village in the near future. Some of the seals are reported to have been broken and apparently in some instances there had been no seals. When the new seals are applied only a properly authorized person will be permitted to break them if a meter is to be replaced or repaired. Otherwise a broken seal will be prima facie evidence that someone has tampered with the meter, an offense punishable by fine.

Procedure has been set up to collect tap on fees for water and sewer when one applies for a permit to erect a new house or business.

The Mokena Woman's Club will hold its first guest night

of the season on Monday, Nov. 13 at 8:00 p.m. in Room 144, Lincoln-Way High School. Hostesses for the evening are Mrs. Laslo Hunyady, Mrs. Franklin Weber, Mrs. Vernon Lankenau, Mrs. George Sangmeister and Mrs. Robert Nixon.

Mrs. Louis Richards has arranged for the "Faculty Trio" from Olivet Nazarene College in Kankakee to perform. This trio consists of Jewell Grothaus playing the violin and viola, Harlow Hopkins, the clarinet, and Ovid Young, the piano. This chamber group has studied at Olivet College, Indiana University, University of Illinois, Chicago Musical College of Roosevelt University, Ohio University and American Conservatory. All are teachers of their respective instruments on the faculty of the Division of Fine Arts at Olivet College.

Due to the outstanding nature of this program, guests will include members' husbands and anyone in the community who wishes to attend. Seating is limited so reservations should be made with Mrs. Hunyady no later than Sunday, Nov. 12. All women from Mokena interested in joining the Woman's Club are urged to come.

The Ladies Aux. to the Mokena Volunteer Fire Dept. will hold their annual hard-times dance on Sat., Nov. 11, from 9 to 1:00 a.m. at the VFW Hall on Wolf Rd. Bob Anthony's Quartet will play music for dancing. Tickets may be purchased from any member or at the door for \$1.00 per person.

The Mokena Book Club announces a change in meeting date to the third Wednesday of the month. This moving of the traditional date coincides with another change within the club. It has now reverted to its original practice of being purely a social organization for wom-

en interested in books and reading.

During the years when it sponsored and operated the village library, the Book Club became also a service club. The only duty of members now is to be a hostess and a book reviewer in alphabetical rotation.

Next meeting of the club will be Wednesday, Nov. 15 in the home of Mrs. Milton Geuther. The review will be presented by Mrs. Kathleen O'Hara who will present "Up the Down Staircase" by Kaufmann.

It is hoped that many former members as well as the current participants in the club will plan to attend.

Women's Fellowship of St. John's United Church of Christ will meet at 1 p.m. today in the church parlors.

Mrs. Roy Richardson will give the devotions. A film strip entitled "The Detached Americans" will be shown. Mrs. Lois Steen will be chairman of the refreshment committee.

During the business meeting final plans for the Christmas bazaar and luncheon will be discussed. The date set for the affair will be December 5 starting at 11:30 a.m.

The annual Hard-Time Dance sponsored by the Fire department auxiliary will be held Saturday, Nov. 11 from 9 p.m. to 1 a.m. Music will be furnished by the Bob Anthony quartet from Joliet.

Profits from the affair will be used to supply needed equipment to the department which is not supplied by the fire district. In the past years profits two Scott Air packs, an electrical generator, a K-12 emergency saw, and minor supplies were given to the department.

Donations for the dance are one dollar per person. Awards will be given for the best hard time costume.

Interior Design Corner ...

NO HUB . . . NO WHEEL

As there cannot possibly be a wheel without a hub, neither can there be a properly planned room without a color-key or center of interest. Whether it be a wall-mural, an area rug, a colorful print or a picture, the presence of a focal point is essential. Color balance is vastly more simple when the colors are drawn from this hub.

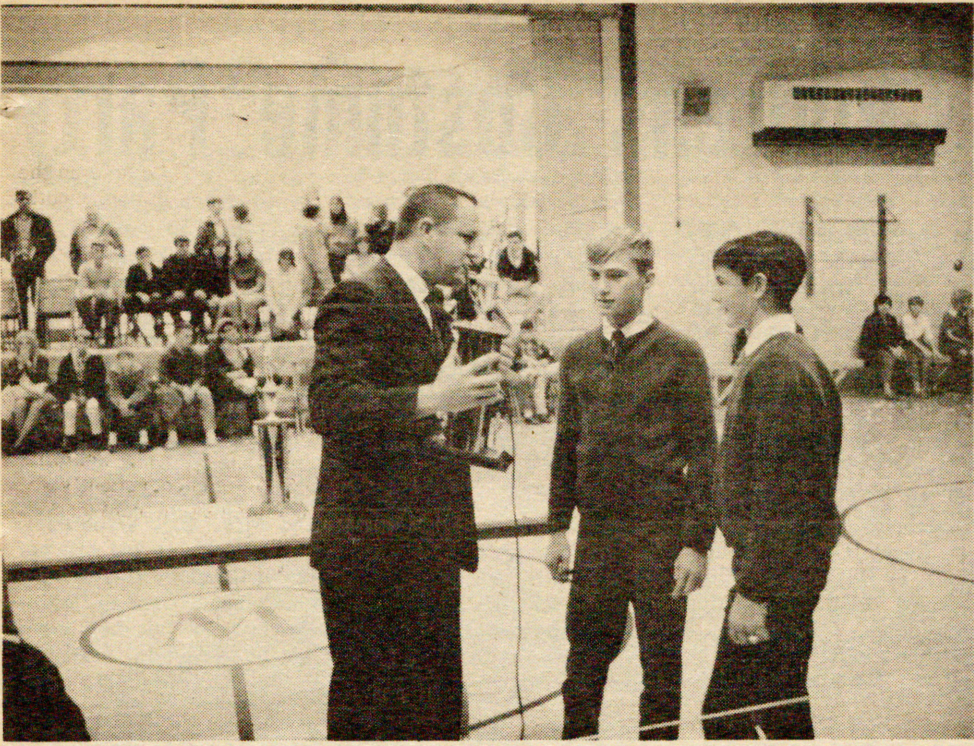

Another type of focal point may be a fireplace, bookshelves or unusual accent chest. Items in this category, while they do not always add color, do form a focal point for "room-weight" distribution. For instance, the bulk of a fireplace must be considered when placing a large piece such as a sofa into a room. If the fireplace is to be the center of interest, a pair of print fireside chairs or pictures over the mantel will add strength to the focal point. The intensity of color and the placement of the sofa will be more easily determined once the focal point of the room is established. Care must be taken to prevent the center of interest from completely dominating the room, of course. While it is very important, it should not "crowd" the room out of all balance.

If you are having problems with your home decorating, call us for a home appointment. Our planning service is available at no charge beyond the cost of merchandise selected. We can't easily move the fireplace — but then, is it really necessary?

Champion Eagles Wind Up Season With 26-6 Victory

BY JAMES MATTHEWS

It was infantry vs. air force last Saturday at Oak Lawn and the ground troops of Coach Joe Devine's Sandburg Eagles slammed to a 25-6 season-ending win over the Oak Lawn Spartans, whose main threat thruout the cold afternoon was the "bomb."

Sandburg's varsity ended as Southwest Suburban Conference champs with a total record of 7-0-1. The Eagle sophomores won the prelim 28-0 to end unbeaten 7-0-1 year.

Eagle scorers in the finale were Mike Navarro, two touchdowns, and Bob Werner, one on an intercepted pass; and Skip Vasconcellos, one by recovering a fumble in the end zone. Tom Devine kicked an extra point. Skip Sullivan passed to Randy Waldron 17 yards for Oak Lawn's score.

The Eagles' defensive team may have set "a worlds record" said Devine, in allowing only one punt to be returned all season, and that for three yards. Boys who put the rush on are Bob Werner, Skip Vasconcellos, Jim Donnelly, Terry Thompson, Dean Mihalovitz, Buz Imhoff, Mike Snodgrass, Bill Bartolotta, Wayne Coners, and Matt Pernal. Pepper

Pettit is the punter who benefits from the "no return" policy and Mike Navarro is his blocking back.

Sullivan completed 14 of 35 passes for 189 yards. But five of his tosses were intercepted by Eagles -- Mihalovitz, Doc McGhee 2; Thompson, and Werner for a TD. The Spartan rushers netted a minus 50 yards in 14 rushes. Sandburg's rushing attack, featuring Mike Navarro's 182 yards in 38 carries, totaled 211 yards. The Eagles completed two passes for 39 more yards.

A 28-yard first quarter pass to Mike Snodgrass moved the Eagles into favorable field position, and a few plays later Navarro blasted one-yard off tackle for a 6-0 lead.

In the second period, a Pettit punt gave Oak Lawn the ball deep in its own territory. A good rush by Sandburg's line dumped Sullivan for a 16 yard loss back to the 10. His next pass was picked off by Bob Werner who scooted into the endzone for a 13-0 margin. Tom Devine kicked the point.

Spartan halfback Ray Murenin brought the second half kickoff out to the 43. Sullivan clicked on three straight passes of 19, 7, and 21 yards, advancing Oak Lawn to the 17. A fourth down pass hit Waldron for

the TD and Waldron kicked the extra point to make it 13-7.

Taking over on Thompson's interception at the 25, the Eagles made no progress so Pettit punted toward the sideline. An Oak Lawn defender touched the ball and Vasconcellos alertly scrambled for it, recovering in the end zone for a defensive touchdown making it 19-7.

Oak Lawn returned the kick to the 45 and marched to the 8 on three first down strikes by Sullivan. Werner knocked down a fourth down pass and the Eagles took over.

The final Sandburg TD came in the fourth period and climaxed a 64-yard sustained drive which featured a 12-yard pass to Thompson; consecutive rushes of 11, 9, 4, and the final one yard by Navarro for the TD and the 25-6 triumph.

Will Discuss Park Requirements

A meeting to discuss requirements and steps necessary for the formation of a park district is to be held in the New Lenox Village Hall at 7:30 p.m. Nov. 16.

Lee Ornder Dies At 75

Lee S. Ornder, 75, who for the past nine months had resided with a son, J. W. Ornder on West Francis rd., New Lenox, died Sunday, Nov. 5, in Silver Cross Hospital where he had been a patient for five days. However, he had been in ill health for sometime before he was hospitalized.

Mr. Ornder came to New Lenox from Oklahoma where he farmed most of his working life.

Removal was to the Baskerville Chapel, Lincoln Highway and Roberts Rd., and sent from there to Poteau, Okla., where funeral services and burial took place yesterday.

Besides the son at New Lenox Mr. Ornder is survived by two others, Ray, of Oak Lawn, and Burl, of Chicago; three daughters, Mrs. Dolly Black, of Tulsa, Okla., Mrs. Stella Martin, Maywood, Calif., and Mrs. Juanita Williams, Bell Gardens, Calif.; also 23 grandchildren.

Ask 4-Way Stop At Wolf And Front St.

On the suggestion of Trustee Edward Haislet the Mokena Village board authorized Roy Richardson, police commissioner, to ascertain if the state will aid in controlling traffic of Wolf Rd., now a detour, while U. S. 45 is closed.

Because of the increased use of Wolf Rd. it was suggested that the intersection of Wolf and Front St. be made a 4-way stop. At present Wolf Rd. is a thru highway.

formance.

Trophies were presented to the winners by Al Willis, head basketball coach of Lincoln-Way high school.

Eugene Morrall, principal of Willowcrest school, stated the event was well supported both nights and much thanks is extended to those in contributing to its success.

Arrangements for the meeting were completed by Village Trustee Robert Randolph prior to his undergoing surgery for a gall bladder on Wednesday of last week. While the village board has nothing to do with forming a park district the individual members are all in favor of such a step and Randolph has been talking with various residents who have evinced interest in such a program.

He has arranged for Arthur Schultz, executive director of the Illinois Association of Park Districts at Springfield to appear in New Lenox at the meeting Nov. 16, a week from tonight. The

visitor will tell what has to be done to form a park district and something about what is done if and when such a district is created.

Those interested in forming a park district at New Lenox point out that since an explosive population growth is predicted for that area residents will have to move quickly if a park district is to be formed in time to acquire park land before it goes for subdivisions.

A park district must be made up of land that is contiguous and is not already part of a park district. A piece of New Lenox township is in the Mokena Park district and another portion is in the Joliet Park district.

Teacher "Moonlights" As Flying Instructor

John George had no qualms about bombing Berlin, Dresden and other important German cities. It was war and he was part of it. He was only 19 years old and a flight officer and navigator assigned to a B-17 Flying Fortress based in England. And, he had his share of flak. Only once in 14 missions did his plane return home without a few holes punched through the fuselage. He now has some 450 hours in his flight log and holds a private and instrument rating. His advance ground instructor rating was granted in early October. He served five years in the National Guard and is still in the Army Air Force Reserve.

Today, some 25 years later - and as Father George - he is still interested in flying and moonlights as a part-time instructor for Aviation Training Enterprises at Chicago's Midway Airport when not serving as a counselor and guidance advisor to students at Providence High School at New Lenox.

The young people served by the friendly 42-year old padre are the benefactors too, of his flying experience. He has introduced a "flying written" program which is an elective for which no school credit is given. None of the students are forced to attend the class but a fairly sizable group participate with a number eyeing a future in aviation.

"It is a step toward giving these youngsters - both boys and girls - something concrete to think about. Flying

may never become fliers but their interest runs high. From a teaching point of view, it is axiomatic that busy minds cannot get into trouble as they progress through this "mod" age toward maturity," Rev. George said.

Father George chuckled when we asked him if he owned a plane. "You might say I do. I share ownership of a 172 with the bank holding the title. It may sound strange but the plane is the one and only thing I ever bought on time. That first of the month notice of payment due seems to arrive every week. But I am making headway. Luckily, rent-outs at Frankfort Airport are helping defray costs."

Father George's mother, Margaret; two brothers Don and Eugene; and a sister, Mrs. Patrick O'Brien live in Flint, Mich. Another sister, a nun, Sister Noreen Marie, is stationed in Midland, Mich.

Behind Scenes Sandburg Play

BY MARY HALBACH

"All right, cast--on stage!" is a cry similar to that of Miss Marilee Thanholdt, director of Sandburg's fall show, "The Solid Gold Cadillac," to be staged Nov. 10 and 11.

A rehearsal schedule of four nights a week (Monday thru Thursday) from 7-9 p.m. keeps the actors, directors, and backstage crew busy.

Many wonder what goes on behind the boys' gym doors

during "Play time." People talking, the sound of running footsteps, merry laughter at times, a large kaboom occasionally, and the director's voice calling, "Cast, come here," are some typical sounds that a keyhole listener can hear.

Cast members start arriving at about ten minutes before seven and most of the actors are assembled by seven o'clock. A period of chit-chat continues until rehearsal time begins.

If this is a night when lines are blocked (a technical show biz term) the actors take their places on stage with books. If lines are to be memorized, the thespians assemble on stage without scripts.

The wheels start in motion as soon as the curtain is drawn to reveal the actors to the audience. The first line is said. "This is a fairy story--" and the other actors follow in turn with their lines.

The director and another teacher converse between themselves. The student director jots down notes. The director paces around the gym, watching critically. Actors not on stage are engrossed in their homework.

"Snell--get, not git," yells the director.

"Just, not jist is another cry.

undertaken will be an eight-room addition to Orland Center School. Other expansions and improvements will be made when needed, according to Supt. Norbert Jerling.

In utilizing the Illinois Building Commission plan a school district must exhaust its bonding power. This Orland did with the approval of the \$900,000 issue. The state puts up the rest of the money needed and is paid back in the form of rent over a period of 15 and a fraction years.

There is no interest charge made on the money advanced by the state.

The board has instructed its architects to proceed with plans for Orland Center and hopes that bids can be taken in the spring.

Dist. 135 Building Plans Win Approval

Voters of Orland Grade School Dist. 135 gave decisive approval to the building program outlined by the board of education.

A \$900,000 bond issue was authorized by a vote of 377 to 116. A total of 498 votes were cast with five of them spoiled.

That was the first proposition of the ballot submitted to the voters last Saturday. The second proposal was to approve an arrangement under which the district will pay \$40,000 a year -- like rent -- to the Illinois Building Commission.

A total of 507 votes were cast on this proposition and it carried 375 to 127. Again five ballots were reported as spoiled.

Ready For Winter -- NI-Gas Reports

Whatever Old Man Winter has in store in the way of cold weather for this area, Northern Illinois Gas Company is ready, the company's November 1 quarterly report to stockholders indicates.

To meet the expected heavy wintertime demand of its 960,000 customers -- including nearly 800,000 who use natural gas for heating -- NI-Gas has increased its pipeline purchases of gas by 15 percent.

In the report, NI-Gas chairman and president Marvin Chandler said that beginning November 1, the utility will receive an additional 140 million cubic

feet of gas a day. This will bring NI-Gas' daily purchases to 1.1 billion cubic feet.

More gas will also be available from underground storage than ever before, Chandler said. The amount of gas that can be withdrawn from NI-Gas' storage facilities, and from those that it leases, is now more than 1.3 billion cubic feet a day.

Chandler also reported that twelve-month earnings for the period ended September 30, were \$2.46 a share -- a gain of nine percent over the \$2.26 a share for the 12 months ended September 30 last year.

Talks About Pottery -- Makes The Stuff Too

Mrs. Ruth Duckworth, noted British potter, gave a recent lecture-demonstration at Carl Sandburg High School.

In the first of a series of visits by artists to Sandburg this year--the services of Mrs. Duckworth were made available thru a technical assistance grant from the Illinois Arts Council. The Palos Park Women's Club also made a financial contribution towards the lectures planned at Sandburg.

Mrs. Duckworth began her presentation by showing slides of pottery from around the world. She emphasized British, American, and Japanese pottery. She recently completed a six-week one-person exhibit in Japan.

Japan's native pottery is "very conservative. Some has been made in the same way by a family for 500 years," she said.

She showed slides of plans for a complete ceramic room she's designing for a new geophysics building at the University of Chicago. Mrs. Duckworth taught at the Midwest Studio at the University of Chicago.

Her works are on display in the British Museum; in Dusseldorf, Germany; in Istanbul, Turkey; and in Kyoto, Japan. Prince Phillip of Great Britain now owns one of her creations.

During the second part of the lecture, the audience gathered around Mrs. Duckworth as she demonstrated coil-pot techniques, and later, she showed how to "throw" a pot on the potter's wheel.

To make a coil-pot, she first flattened a large slab of clay by putting it on the floor and stamping on it. The flattened clay was put into a handmade plaster base. Then taking strips of

MRS. RUTH DUCKWORTH

clay, resembling snakes, she gradually built the side of the pot by coiling the clay around and around. Using a wooden paddle, she distorted the shape of the pot to her liking. The result was about ten inches high.

It was not until about ten years ago that Mrs. Duckworth seriously took up pottery as her main area of interest. Before that, she was a sculptor in wood and stone.

Demonstrating on Sandburg's potter's wheel, which turned the clay the opposite way to her liking, Mrs. Duckworth laughed as she told the audience: "I want you to know this is the first time

I've done a left-handed pot."

But it very quickly took form under her skilled hands, and the audience asked several questions (even one about the two sleeping dogs who dozed under the table while their mistress worked), before concluding the evening with coffee and more questions.

The next art lecture at Sandburg will be Nov. 29, when Mr. Mish Cohen, who teaches graphics at the Institute of Design at Illinois Institute of Technology, will demonstrate in the graphic arts, including engraving and lithography. The public is invited and no admission is charged.

Dance Of Frankfort Police Set For Saturday

Tickets have been mailed out to commercial and industrial firms and have been sold door to door among the residents of the community. There also will be tickets available at the door.

Police Chief Ted Massey said that the proceeds from the affair would be used to provide the department with equipment. At last year's dance the receipts totaled \$1,239.75. Another \$105 came from other sources. The orchestra and other expenses of the dance came to \$277.59, which left a net of \$1,067.16, Chief Massey said.

Expenditures totaled \$1,016.31, which included \$383 for radios citizens band in private cars of police officers; \$181.75 for uniforms and equipment; \$25 for a used shotgun for the squad; \$26.55 for other equipment and \$400 set aside for a new radio for the squad which gives direct connection with state police and has a converter for the county radio. This outfit cost \$1,145. The village board has advanced \$345 which the police department will reimburse from next year's

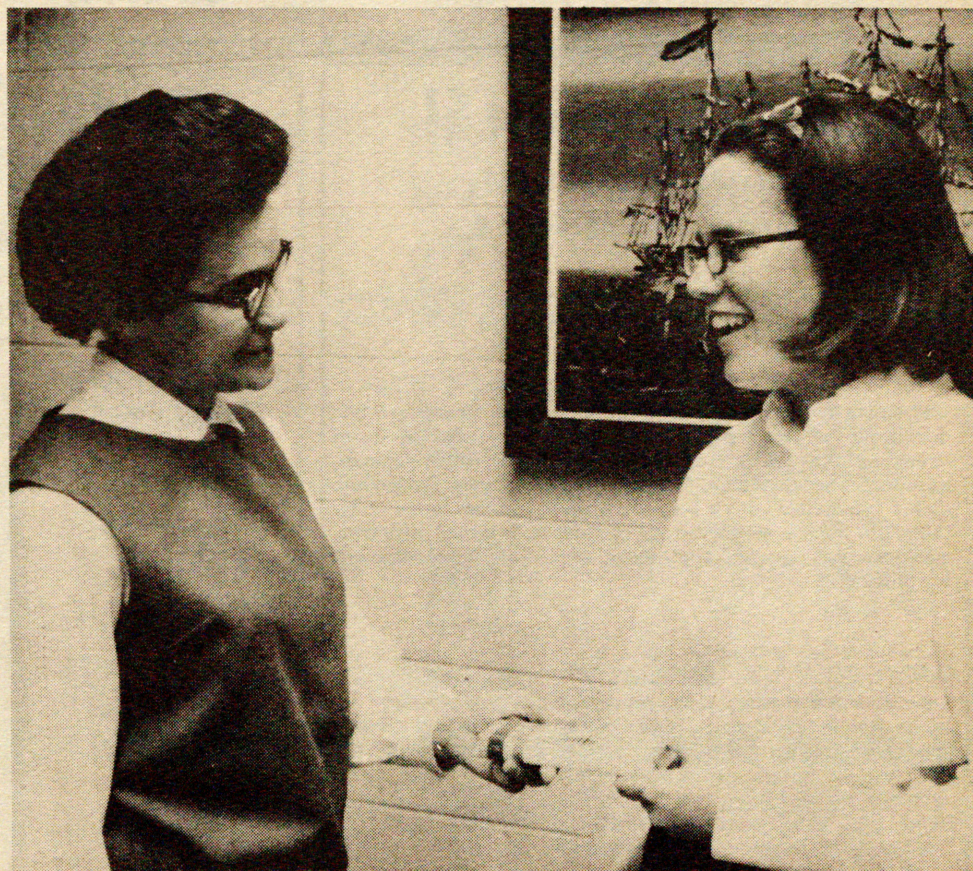

dance. It will apply another \$400 from this year's dance to the purchase of the radio, Massey said.

The present balance in the Police Department fund

from last year's dance and other donations is \$50.85, Massey said. In the letter sent to business and industrial firms recently the chief gave a full report of how the

dance receipts were used.

Music for the dance Saturday night will be provided by Gene Victor's orchestra. The dance will begin at 9 p.m. and close at 1 a.m.

CHAMPION CANDY seller at Stagg High School, Merilee Korhorn, of Worth, a junior, sold 459 candy bars in the selling campaign staged by the four classes. All in all the students sold about 10,000 bars and earned approximately \$2,000 for the school. The money will be used to buy something for the school. Merilee is being congratulated by Miss Pauline Butler. (Stagg photo)

PTG To Hold Annual Open House Tonight

MRS. EDWARD HOVI
Telephone 479-5740

The Summit Hill Parent-Teacher Group will hold its annual open house at the school tonight (November 9) beginning at 8 o'clock. It is held each year in conjunction with the American Education Week.

Tonight's affair will take the place of the regular monthly meeting, and will give the parents and other interested residents an opportunity to view first hand exactly what is being done with their tax money.

The evening will also pro-

vide an informal atmosphere for the meetings between you and your child's teacher. You will be able to converse briefly with the teachers and ask them questions.

There will be a book fair held at the school this week also with the orders being taken on Wednesday and Thursday. The books are of interest to persons of all age levels from the preschoolers to the senior citizen. In all there will be some fifteen hundred books from which to choose.

The second sale of taffy apples will be held at the school on Tuesday, Nov. 14,

with the cost of the goodies remaining the same as the last sale, 10 cents each.

There will be a drive held on Saturday, Nov. 18, to collect deposit bottles thru-out Arbury Hills, by the Mothers of the Brownies of Troop Number 334.

The Brownie level of Girl Scouting does not allow the girls themselves to participate in fund raising activities to help out the treasury, so some of the energetic

mothers have devised this method of supplementing the sums raised thru the weekly dues paid by the girls.

Please help them out by contributing some of your empty deposit bottles when the women come around on Saturday, Nov. 18.

The First Nighters held their November meeting at the home of Mrs. Mary Bucher on Beechnut Drive last Thursday evening. The winner of the hostesses prize was Mrs. Edward Hovi, and the next meeting of the group will be held at the home of Mrs. Sylvia Way on Hickory Street on Thursday evening, December 7, beginning at 8:00 P.M.

Ronald Rubensam celebrated his 11th birthday with a party given by his mother and his grandmother. The party was somewhat unusual, since Ronald is recovering from severe burns on his legs. He is in the Ingalls Memorial Hospital in Harvey for anyone who wishes to send him a belated birthday card or get well card.

False Alarm From Tinley Gardens

JAMES H. PEYTON
Tel. 532-1516

Would you believe that somebody in the Tinley Gardens area called the Mokena Fire department the other day and after the volunteers arrived (by a detour route as there is no direct route due to the work on I-80) it proved to be a wild goose chase! If and when the culprit is found out I hope that he or she is severely reprimanded or even prosecuted. As you all know we are in the Mokena Fire Protection District. We have to have this fire protection and (I will say from experience that I think they are the best volunteer unit that I have ever witnessed in action) with nothing but frame houses and we must protect these houses with the best possible fire fighting equipment available, and I think

this is what we have. In the future let's all think twice before doing anything that may prove hazardous to the communities way of life.

I would like to express appreciation of efforts of John Barton of Orland Park for getting most of the vacant houses in Tinley Gardens sold before bad weather. Most of the new people have either moved in or are about to move in and I think from the way that Barton spoke all houses are either sold or he has buyers for and this will be the first time in five years that our little community will be a complete one. This will undoubtedly cause the vandalism to cease and the people themselves will take care of their property and the entire community will benefit tremendously.

Remember next week you will get the results of the

Meditation Day Set For Palos Foundation

The November meeting for the Day of Meditation held monthly at the Community Center Foundation, Southwest Hwy. at 127th St., Palos Park, will be held from 10 a.m. to 2 p.m. Nov. 16.

The Rev. S. Hunter Leggett, minister at Beverly Unitarian Church, will be the

resource leader. He has studied with Allan Watts and Timothy Leary. Hunter has been active in psychiatric projects in Europe and in South America.

The public is invited. Guests are asked to bring a "sack" luncheon. Coffee will be served.

Freeman Outlines 1968 Feed Grain Program

Secretary of Agriculture Orville L. Freeman announced the 1968 voluntary feed grain program that takes vigorous action to reduce total supplies in order to strengthen prices.

The target is to divert about 30 million acres from production in order to change this year's 2 to 3 percent overproduction to 2 to 3 percent underproduction next year.

Farmers will be encouraged to divert at least 10 million additional acres through the offer of diversion payments at 45 percent of the total support (\$1.35 for corn) times the farm's projected yield. The average per acre payments will be slightly higher than in 1966, it was said.

"Bumper crop weather at home and abroad in 1966-67 has led to world-wide extra production of grains," Secretary Freeman said.

"By providing the most attractive program we have ever had in feed grains," Secretary Freeman added, "we are doing what the new era farm programs enacted in 1965 were designed to do -- tailor supply to demand in order to increase farm prices and prevent costly surpluses."

"The 1968 program," he said, "is a stronger program than we had in either 1966 or 1967. It has higher loan levels than the very successful 1966 program. And it has the extra diversion for payment feature that was not in the 1967 program."

NEW GENERATION READY TO SERVE ORLAND PARK

Robert Davidson, superintendent of public works, informed village officials that the new auxiliary diesel generator is now in operation. This would take care of the village hall, fire engine house, fire siren and communications system in the event of power failure.

"However," he said, "the success or failure of the 1968 program depends in the last analysis upon farmer participation. By diverting at least 30 million acres from crop production to conserving use, feed grain farmers can reduce stocks and gain much stronger prices."

"This is the farmers' program," Secretary Freeman said. "It has worked in the past because farmers cooperated."

"With strong farmer participation farmers will -- according to our best estimates -- receive over \$400 million more income from feed grains than they are getting in 1967 and nearly \$200 million more than in the all-time record year of 1966."

"The 1968 program will help firm up 1967 crop prices if growers use the price-support loan program for orderly marketing thruout the year."

"The early announcement of the provisions of the feed grain program," Secretary Freeman continued, "is in response to the urging of farmers everywhere who need this information to help

them plan their farm operations more effectively and to the need to strengthen farm prices now."

Price support loan levels under the 1968 program will be at the 1967 level: For corn, \$1.05 per bushel; sorghum, \$1.61 per hundredweight; and barley 90 cents, oats 63 cents, and rye \$1.02 a bushel. Price support payments will continue at 30 cents per bushel for corn and 53 cents per hundredweight on sorghum, based on planted acreage up to one-half the farm base times the projected yield.

"I am announcing this 1968 program after intensive consultation at regional field meetings with producers and others associated with the industry," Secretary Freeman said. "Earlier, the National Advisory Committee on Grains made excellent recommendations which I am also following closely."

"Nearly everyone," he continued, "was in favor of a 1966-type of acreage diversion program which would give participants a goal of about 30 million acres to be withdrawn from production

of corn and sorghum."

"At the end of the 1966-67 marketing year, there was a carryover of about 37 million tons of feed grains. Based on the crop report as of October 10, 1967, production will total about 176 million tons. Utilization for the 1967-68 marketing year currently is estimated at 170 million tons. Utilization at this level will result in carryover stocks at the end of the 1967-68 marketing year of around 43 million tons."

Whether soybean plantings can be made on corn-sorghum acreage as in 1967 without loss of the feed grain price support payments, will be announced after the domestic and export situations for this crop are more fully developed.

The conserving base features will continue in 1968 the same as in 1967 and 1966. The substitution provisions relating to wheat and feed grain acreage will be continued.

As announced July 24, 1967, barley is not included in the 1968 feed grain program. All barley producers

will be eligible for barley price support loans regardless of the acreage planted. Also, wheat producers desiring to substitute acreage in order to produce wheat on barley or oats-rye acreage base can do so for the 1968 crop. No acreage diversion will be required from barley and oats-rye bases if requested for the purpose of producing wheat on such acreage. However, in the case of oats and rye,

adjustments for feed value will be continued.

Determinations such as advance payments, the production of substitute crops on diverted acreage, and other details, will be announced prior to sign-up time.

Sign-up for participation in the 1968 feed grain, wheat, and cotton programs are to take place concurrently during February and March, 1968.

Lose But L-W Fights To End

Lincoln - Way's varsity football squad wound up its 1967 season at Oak Lawn last Friday night where it had to be content with the short end of a 19 to 12 score in a battle against Reavis. It was the last game in the Southwest Suburban Conference schedule in which Lincoln-Way finished with one win and six losses. The Knights won a non-conference game, however, so its standing for the season was 2-6.

This was Coach Bill Vogel's first year at Lincoln-Way and while the Knights weren't winning they showed a steady improvement as the season advanced and next year should be different. Vogel will have some juniors and seniors in 1968 that should spell t-r-o-u-b-l-e for other members of the league.

In last Friday's contest the Rams of Reavis scored in each of the first three quarters. Their initial touchdown came after a start on the Knights 35 yard line following a punt. The ball was worked to the 18 from where Terry TerHaar went the rest of the way. Jim Balcattis kicked for the extra point and that was the only bonus in the game. In the second period Ter-

Haar brought a Lincoln-Way punt back 22 yards to the Knights 34. Two plays later Balcattis flipped a 20-yard pass to Tom Lesnik and the ball was on the 13. Balcattis and TerHaar between them managed that yardage but the kick failed and the half ended with Reavis on top 13 to 0.

Late in the third quarter the Knights fumbled on their 20 and the Rams recovered. A pass and some pounding by TerHaar ran up another six points and again the kick was off.

Then in the fourth quarter the Knights tried to make up the difference.

An attempted quick kick by the Rams resulted in a fumble and Bill McCure recovered and stepped off for three yards and a touchdown. The kick for the extra point was not good.

Lincoln-Way began its last march for pay dirt from their 15 with a little over two minutes to go. Rick

Kohlbacher, who garnered 77 yards in the evening on eight carries and accounted for 22 more on pass receptions, rammed thru for 10 yards and a first down and netted 15 more on a pass from Harry Webb. Then Kohlbacher, with some good blocking, broke loose for 55 yards and a touchdown. Again the kick failed.

Only 1:27 minutes remained and the Rams managed to keep the ball to kill the clock.

Reavis had 12 first downs to the Knights 7 and out-gained Lincoln-Way rushing, 116 yards to 57 but the Knights piled up 107 yards thru the air with Webb hitting on six passes in 10 attempts. The best aerial yardage Reavis could muster was 29 yards so in total yards gained Lincoln-Way had the best of it, 164 to 145, but yards don't count in the score.

Tickets Available

Tickets are still available from cast members and will also be sold at the door Nov. 10 and 11 to "The Solid Gold Cadillac," Carl Sandburg High School's fall play. The play will be staged in the school gym beginning at 8 p.m.

Starring as Mrs. Laura Partridge, a middle-aged 10-share stockholder of the big General Products Corporation, is junior Golda Lieberstein. As the play progresses, she meets and falls in love with Edward L. McKeever, former chairman of the board and president of the company, played by Dave Lyons, junior.

Given a minor job as director of stockholder relations, Mrs. Partridge schemes to get ahead in business by really trying -- to get McKeever to propose; and to move up the business ladder to vice-president, secretary, and treasurer. By plays-end, the two have regained control of the company and the "four ugly corporation directors" have been outwitted.

Miss Marilee Thanholdt of Sandburg's English department is director and is being assisted by student director Mary Halbach.

WILLIAM SCHWAB, center, a New Lenox resident, and an associate in the Science Dept. at Joliet West High School, recently presented more than 100 current textbooks in general science for grades one thru eight of School District 122 in New Lenox.

With him are Arthur Maue, left, and John Marshall, both science teachers at Oakview School.

School Maintenance Men Pick Nominees

Walter Rux, supervisor of buildings and grounds for Dist. 230, (Sandburg-Stagg) and William Drews, superintendent of building and grounds at Homewood-Flossmoor, were nominated to run for president of the South Suburban Maintenance Association at its monthly meeting Nov. 1.

Frank Goetschel, who holds a similar post at Lincoln-Way, was nominated for the secretary post. Election will be at the next meeting, Dec. 6, at Cherry Hills Country Club, 187th and Kedzie.

SSMA was organized in December of 1966, and 18 school districts were represented at the first meeting in January, 1967. Rapid growth is evidenced by the 48 school people and 28 suppliers attending the most recent meeting. Maintenance people from public and parochial schools (both high

schools and elementary schools) are welcome, Rux said.

Purpose of the group is to share information on common problems, to increase cooperation among schools, and to foster better understanding between administrators and maintenance people.

Guest speaker at the November meeting was William Gallagher, service manager of Chicago Conditionaire Inc. He spoke on problems in winterizing air conditioners and answered questions. Gallagher called SSMA "one of the most unique organizations in the country." He said that while automation is increasing in many fields, he doubted if "we'll ever see the day when a robot will be able to satisfy 200 teachers and 3000 kids."

Fall Concert Set For November 17 In Sandburg Gym

The Sandburg music department will put on a fall concert Nov. 17 at 8 p.m. in the boys gym. Featured will be the concert band, stage band, concert choir and chorale.

Two original compositions written by students will highlight the stage band's performance. Rob Nebe, senior cornet section leader, has written and arranged a song called "People" and Richard Baker, a senior who plays first trumpet, has come up with a new arrangement of the "Trolley Song" from the movie "Meet Me in St. Louis."

Senior Tom Kozlik on French horn and junior Jean Haisknecht on flute will be soloists during the concert band's rendition of "Nocturne in Allegro" by Borodin. Other numbers by the 78-piece concert band (a select group from the more than 100 piece marching band), are "La Bamba De Vera Cruz" by Tucci; "Egmont" by Beethoven; "Lustspiel" by Koler-Bela; "The Klaxon" a march by Henry Fillmore; and "Horns - a - Plenty" by Leonard Smith.

The 60-voice choir, directed by Wayne Doverspike, will sing mainly contemporary music. "Sam was a Man" by Vincent Persichetti; "No Man is an Island" by Roy Ringwald; "All the Earth Sing unto the Lord" by Lena McLin, a Chicago composer; and "Echo Song" by Orlando Lasso, are scheduled.

The chorale, a select

mixed group of 19 voices, will provide the echo in the Lasso piece. They will also sing "You Stole my Love" by McFarrin.

This will be the only combined concert of the two organizations who will take a trip to Denver and give concerts there in February. "Thanks to the marvelous support on our candy drive," music department chairman Milton Potter said, "the trip will become a reality."

The next project of the music parents organization is a dance for adults scheduled at the Palos Country Club Dec. 1. Ticket chairman is Mrs. Jerry Robinson, telephone 532-6931.

Potter announced that 20 musicians from band, orchestra, and choir will attend the District All-State music festival, Sat., Nov. 18, at Bloom High School.

Chosen after tryouts to represent Sandburg are band members Cathy McCoy, Paula Ferrin, Jean Hausknecht, Pete Grenier, Robert Nebe, Marilynn Skinner, Chuck Newman, and Adrian Kotik. From the choir are Kevin McBurney, Lynn DeBacher, Buz Imhoff, Ann Paschall, Janet Aeschliman, Carol Soutter, Caeshey Becker, Lynda Mapel, Lynn Kalk, and Brian Taber. Villia Slavinskas and Barbara Sullivan are from the orchestra.

Potter is District President of Illinois Music Educators Association and Sandburg orchestra teacher Robert Beland is assistant orchestra chairman for the festival.

31 CSHS Students Make Honor Society

At a candle-lighted induction ceremony, 31 Carl Sandburg High School students became members of National Honor Society (NHS) Friday, Nov. 3.

District 230's Supt. W.O. Fisher, delivered the main address on problems facing future leaders. He also complimented the senior class on its scholarship, noting that seven National Merit semifinalists and 12 runnersup out of a class of about 350 members, gives Sandburg a high ratio comparable to any other school. Further evidence of strong scholarship was the recent announcement that 51 Seniors are semifinalists for Illinois State Scholarships. Sandburg will have more winners this year than last year when the senior class was much larger.

The Treble Clefs, directed by Wayne Doverspike of the music department, sang three numbers. NHS President Charles Jaeger was master of ceremonies and spoke on Leadership, one of four qualities NHS candidates are judged on by teachers. Gretchen Merwin spoke on Scholarship; Shirley Dwyer on Service; and Debbie Davidson on Character.

Seniors inducted are Janet Aeschliman, Karen Ballantyne, Janet Beesley, Jay Dauphinais, Vicki Gaynor, Marjory Gilbert, Jan Groenewold, Casey Kaptur, Dean Mihalovitz, Sandra Mansch,

Linda Polito, Silvia Richardson, James Rogers, Beverly Swanson, Brain Taber, Judy Tomasek, Barbara Treadway, Diane Wegner, and Janice Woycheese.

This is the first year Sandburg has had a fall initiation. Mrs. Judith Johnstone, co-sponsor of NHS said, Juniors were formerly all inducted in a spring ceremony. Now they'll be available to help with NHS activities thru the year -- such as the Christmas Dance Dec. 23; a paperback bookstore; and ushering at honors night and graduation.

Juniors admitted are April Christofferson, Marianne Cooper, Robyn Gadt, Martha Gay, Mary Halbach, Walter Jones, Wayne Kost, Janice Kuzel, Golda Lieberstein, George Scholz, Nancy Smeja, and Donna Szufnarowski.

Orland Youth On Honor Roll

Albert Loebe, son of Mrs. R. A. Loebe, 9952 W. 144th St., Orland Park has been cited for the academic honor roll at Lawrence University, Appleton, Wis., for work done during the spring term. A grade average of 2.4 on the basis of 3.00 is required for honors listing, while 2.75 is necessary for high honors.

Loebe, who has performed with the Lawrence Concert Band for two years, is affiliated with Sigma Phi Epsilon social fraternity.

The Law Serves You

A Public Service of the
ILLINOIS STATE BAR ASSOCIATION

CREDIT CARD
LOST OR STOLEN?
LIABILITY IS LIMITED
BY LAW

A new Illinois law limits the liability a credit cardholder must assume in the event that his card is used by an unauthorized person.

According to the Illinois State Bar Association, the limits are \$25 in case of a credit card that does not have a place for the cardholder's signature and \$75 in case of a credit card that has a signature panel.

The law states that the person named on the card "shall not be liable to the issuer of the card for any amount in excess of the applicable amount (\$25 or \$75) resulting from a use of that card from which he or a member of his family or household derives no benefit or which he has not authorized or permitted."

An ISBA spokesman said the limits apply to a solicited credit card -- sent to a person upon his request or application -- or unsolicited card which has been accepted for use by the person named on the card.

persons interested may attend and have opportunity to be heard . . .

However, he added, the law provides full exemption from liability for any person who receives a credit card which he did not solicit and which he does not sign (if there is a place for signature), use or permit to be used by another.

In that case, the law says, the person named on the card may not be held liable for any purchases or other charges arising from any use of the card by an unauthorized person. Moreover, the recipient of an unsolicited card has no legal obligation to notify the issuer of his refusal to accept liability, to return the card, or destroy it. However, it is a good practice to cut, tear or otherwise render unusable any credit card which a person does not intend to use.

The ISBA spokesman noted that many credit card issuers, including banks, provide a signature panel on their credit cards. Therefore, in the absence of any issuer-cardholder agreement to the contrary, these companies may require cardholders to pay up to \$75 of charges made by an unauthorized person, in event of loss, theft or other misappropriation of the card.

However, the spokesman said, some credit card issuers assume all risk in case a card is lost or stolen or assume liability for all unauthorized purchasers made after the loss or theft of a card is reported by the cardholder.

Stagg Students To Stage 3-Act Comedy

Rehearsals are underway for Stagg High School's fall play, "Heaven Can Wait," by Harry Segall to be presented Nov. 17 and 18 on

the stage of the Commons Room at the school. The comedy, first produced in 1942 and once made into a movie, is about Joe Pendleton, a saxophone playing boxer who is accidentally taken to heaven by an errant messenger. Junior Vic Johnson will lead the cast in the Pendleton part, and 41 other Stagg thespians will appear in the three-act comedy, which contains 18 speaking parts. Other main characters are Mr. Jordan, played by Rod Zuidema, a senior, and Max Levine, played by Walt Singer, a senior. Dan Stevens, Hickory Hills senior, is student director. The play is being produced by the Spotlighters, Stagg's dramatic organization. Faculty advisor is Thomas Ryan, acting chairman of the English department and his wife, Mrs. Patricia Ryan, a former drama major at Eastern Michigan University in Ypsilanti, is assistant director. Early rehearsals brought out two interesting sidelights, Mrs. Ryan said. "First, we discovered that Vic Johnson happens to know how to play the saxophone—a lucky break," she said. One of the characters comes on stage carrying a dog, so, Mrs. Ryan said: "If someone has a small well-disciplined dog, it is invited to try out." Hammy dogs owned by Stagg students will no doubt answer her call. The messenger from heaven is played by Loretta

Litko. Others with speaking parts are: Jim Warren, Denise Spurr, Nancy Dick, Albert Reinstein, Rich Dohner, Val Konie, Larry Miller, Grace Schumann, Nancy Watson, Bill Stanton, John Barbush, Fred Wagener, Kathy Claussen, Pat Venuso, George Mulligan, and Jim Thomas. Extras are Chris Altman, Alett Beckwith, Sandy Cheerva, Cyndi Cox, John Daliege, Ann DeBelina, Linnea Gram, Gene Green, Regina Hurt, Dana Hutchinson, Bob Karolich, Linda Keres, Janice Mostacchio, Joline Platek, Gail Prosser, Theresa Schumann, and Judy Taylor. Six rehearsals a week will be held, Mrs. Ryan said.

Gas cooking makes sense.

Because you're in command with gas. When you turn it off, it's off. There's no hangover heat to scorch food or overheat your kitchen. And when you turn it on, it goes on—to the exact shade of heat you want.

Because modern gas ranges are so colorful and beautifully designed, they add glamour to your kitchen.

Because gas broiling is clean and smokeless. You broil with the oven door closed.

Because gas cooking brings out the tastiness of foods. It's the choice of 95% of Chicagoland's professional chefs.

Because today's new gas ranges give you more features per dollar than any other range—actually cost less to buy, less to use.

Because you can get out and enjoy life more, thanks to the many programmed controls that cook things and keep them eating-warm, automatically.

For more reasons why gas cooking makes sense, call or visit our nearest store or office, or see your appliance dealer.

**Cheaper
in the long run.**

Gas will never cost you much. (You'll get up to 27 miles to the gallon.)

And the amount of oil you use is like a drop in the bucket. (It only takes 2.7 quarts and almost never needs more between changes.)

And the engine is air-cooled, so you don't have to spend a red cent for anti-freeze or rust inhibitors.

And you get more than your money's worth out of a set of tires.

But don't think buying a new Volkswagen is just another get-rich-quick scheme.

You have to wait until the second set of tires wear out.
